Subject: Events

Good afternoon,

I hope you are well. I run a streetfood events company and we are always looking for new venues and we would love to trade in Ashwell on the Rec. Our events are held on a Thurs/Fri or Saturday 4-9pm and involve at least 5 food trucks, dessert and bar every other month from April- September.

We take care of everything including SAG, insurance and licenses and we just rent the land/space from you.

Would this be something the council would consider doing in the village? We already do events in Henlow, Stotfold and other villages and it's very popular to the locals.

Kind regards

EAT Feast
