

TREE CONDITION SAFETY REPORT – to include Springs, Cemetery, St Marys Church & Rec.

Quote One - £1,140 ex VAT (Unreliable previous survey – four trees & branches fell that had not been flagged as at risk. Also cannot produce tree map as they do not own copyright and makes identification difficult).

Quote Two - £1,520 ex VAT (have a copyright map to all trees in Ashwell, makes discussion and identification accurate and easier. Standard of work historically has been good and reliable, because of expense APC have used company in Quote One for some tree work previously).
