

Hi Sally

Thank you , and apologies for the delay in getting back to you.

Thank you for your comments, please see below my notes in pink. I think it is just the bin by the museum that has been requested to be swapped with another bin that is staying, can you please advise with which one you would like it swapped with?

Many Thanks

Subject: RE: Litter bin In your District

Dear xxxxxxxxxxxxx

Thank you for your email – I have spoken with our Chairman and Vice-Chairman and the following has been decided:

1. NHW482 – To **remain** please - **NHW482 is remaining**
2. NHW723 – This is a square bin and is owned by the Parish Council and needs to be **swapped** elsewhere with a round bin. **Please advise where you would like this to be swapped with. (however is quite old so may not be able to be re-used elsewhere)**
3. Round bin on the south side of the High Street opposite Bacons Yard by the bus stop – **can be removed. Thank you for confirming**
4. Square bin on north side, next to village store to **remain This is remaining**
5. Please **do not** remove the dog waste bin opposite 41 Back Street – thank you – **This is not under our contract so will not be removed by us**

Kind regards

Sally Roberts - Clerk
