

Proposed bench for Ashwell Village

4ft £524

I am contacting you to begin the process of seeking permission to place a Remembrance Bench in the Rec - positioned facing into the playing field just in front of the boundary hedging at the back of the Village War Memorial.

With 2025 being a very significant year, as nationally we have commemorated the 80th anniversary of VE & VJ Days, we are looking to position a Remembrance Bench in the village.

The bench we have in mind is on the attached document. The Branch has the funds available to purchase it and we have a volunteer to fix it in place - depending on how you require this to be done if you agree to this proposal.
