

ICKNIELD WAY AT ASHWELL

Keeping this designation of the Icknield Way.

It should be noted that most historians accept that the Icknield Way was not one road/path but a series of routes of which Ashwell Street was one; others also named Icknield Way go through Letchworth, Wallington etc.

Ashwell Steet does not have many if any markers.

Correspondence from the Secretary of the Icknield Way

Our normal approach to signage is to attach roundels to existing posts. The section that you are describing is part of the Riders' Route and I would be happy to arrange to get a supply of roundels to you. As I am reasonably local, I'd also be happy to meet and agree where they might be placed. We have no budget for posts

Let me know if you would like a supply of roundels and whether you'd like to meet?

Kind regards
Secretary Icknield Way Association

Obtaining Posts - HCC Countryside Access Officer may be able to assist with Post installation using the Countryside Management Service volunteer groups.
