

**Site Address:** Ashwell Cemetery , Ashwell

(Option 1) X14 Holm Oaks - Fell to ground level. £21,000.00

X14 Holm Oaks - Grind out stump(s) 200 mm below ground level. Arisings are left in situ to settle. £2,800.00

X14 Hornbeams - Trees replacement and planting of Hornbeams 8-10 girth. This also includes stakes, ties and compost. £5,300.00

This quote is dependent on the current price of the tree stock from our supplier and the work being carried out in October, after bird nesting. £0.00

(Option 2) X14 Holm Oaks - Pollard back to historic point. £15,000.00

These trees have historically been pollarded and are of different sizes; they may look a little odd once the work is completed. It is best practice to only pollard back to the previous points to avoid the trees over bleeding from fresh wounds. My estimate is they were done maybe 6-7 years ago and are usually done on a 3-5-year cycle to keep them at a manageable size. £0.00
