Subject: FW: Speed display in Lucas Lane

Dear Steve

We have received the email below from the parishioner in Lucas Lane who has made the Parish Council aware of the speeding in Lucas Lane. He writes to thank us for installing the SID, but reports that the device cannot see the cars until late and then the 20 mph speed limit sign obscures the display when approaching,

It is observed that the tree also covers part of it and the solar panel and asks if it is possible to move the post towards the road to improve visibility. The email is the 2nd we have received reporting the same problem.

Could we discuss this at the October meeting with you please and possible re-siting of the device or a solution to overcome the problem?

Thank you

Kind regards

Sally Roberts

Clerk

Ashwell Parish Council

The Parish Council office in Back Street is usually open Monday to Wednesday mornings from 9.30 to 2.30. This may change during holiday periods so please phone to check if you want to save a wasted journey. There is always an emergency contact on the office answerphone if needed (07733 831840)
