

Minutes of a meeting of the Ashwell Parish Council held on Wednesday 4th September 2013 in the Parish Room at 8.00pm

Present: Councillors Peter Long (Chairman), Mike Berry, Jane Buxton, Martin Hoffman, Graham Lee, Bridget Macey, Daniel Mathews, Jane Smith, Mark White.

The Clerk was also in attendance. Members of the public: Forty-eight parishioners.

The Chairman welcomed new parish councillor Jane Smith.

44. APOLOGIES FOR ABSENCE Cllr John Connolly (away on business).

45. MINUTES OF COUNCIL MEETING 7th August 2013

45.1 It was *resolved* that these be approved and signed.

45.2 Minutes of *in camera* meetings held on 1st May and 5th June 2013 to discuss the church clock noise complaints. A proposal was made that they be released into the public domain.

It was *resolved* that the minutes be released with the names of the complainants redacted to comply with the confidentiality request from NHDC. **Clerk**

46. MATTERS OF REPORT FROM PREVIOUS MEETINGS

46.1 (August Council 2013, 36.1.3) Review of Standing Orders. Cllr Peter Long distributed details of some changes and, in accordance with the requirement for one month's notice, proposed that these be discussed at the October Council meeting. This was agreed. Cllr Long reported that advice on the balance between freedom of information and data protection was being sought. **WPL**

46.2 (August Council 2013, 37.8) Ashwell Village Trust. Damage to Cottage Garden fence and that of neighbour by Veolia refuse vehicle. It was noted that a claim on Veolia had been progressed. It was agreed to determine the current situation and, if necessary, request action. **Clerk**

47. OTHER CORRESPONDENCE RECEIVED

47.1 Invitation to free event 'Managing Multi Use Sports Areas' Sunday 15th September 2013, 10am-2pm, Cambs FA Headquarters, Histon. It was agreed that this be forwarded to the sports clubs. **Clerk**

47.2 Complaint from local resident re uncontrolled ragwort on alleged Parish Council land off Ashwell Street. It had been clarified that the land was not owned or controlled by the Parish Council and alternative contacts supplied.

47.3 Bus services. Following concerns raised by Parishioner Joan Ridley of rumours re possible changes to the 90/91(202) service timetable, the HCC officer in the Passenger Transport Unit had been contacted. He had confirmed that '...some very minor timing changes planned to the off-peak "through" journeys to allow for a modification elsewhere on the route. These changes won't make any significant difference to the service. The commuter journeys between the village and the station aren't affected in any way.' It was agreed that Parishioners Joan Ridley and Yvonne Young be asked for their comments. (see also 54.8 below)

47.4 Various items re Highways issues in Silver Street. It was agreed that the list of matters requiring attention in Silver Street be discussed at the next Streets & Environment Committee meeting (Wednesday 11th September). It was noted that County Councillor Tony Hunter had agreed that these be addressed to ensure that the area was restored to a high standard when the building development was finished. (see also 48.3 below) **S&E Committee**

47.5 Various communications with Herts Highways Officer and County Councillor Tony Hunter re street lighting issues (part-night lighting incompletely implemented, colour of bulbs incorrect in large proportion of units, poor state of columns etc). It was noted that Herts Highways action had been promised and agreed that this be discussed again by the Streets & Environment Committee. (see also 54.2 below) **S&E Committee**

47.6 Parishioners' concerns re poor state of area in vicinity of telephone box and bus shelter in Station Road. Cllr Bridget Macey reported that the telephone had been broken, assumed due to vandalism, some time ago. A proposal was made that the Streets & Environment Committee discuss the matter further and, if agreed, make a request to BT for its removal. **S&E Committee**

47.7 Various communications re fly-tipping of builder's debris onto the public Right of Way at the rear of a house in Station Road. It was noted that the NHDC Enforcement Officer had attended, spoken to the builders and was monitoring. Cllr Bridget Macey was also monitoring.

47.8 Various communications re lack of action or follow-up to requests made through the Herts Highways on-line reporting system (overhanging vegetation blocking footway in Back Street). It was agreed that this be discussed by the Streets & Environment Committee. **S&E Committee**

47.9 Several complaints from parishioners re Herts Highways grass cutting contractors (i) areas missed from routine cut (ii) area of cut insufficient allowing encroachment of weeds/brambles (two locations recorded). **S&E Committee**

47.10 Complaint from parishioner re vehicles associated with harvesting in Station Road (i) straw debris on road, (ii) damage to grass verges. It was agreed that this be discussed by the Streets & Environment Committee. **S&E Committee**

47.11 Street cleansing and waste. Various communications with NHDC officers and contractors. Complaints from parishioners re overflowing litter bins. It was noted that the village had twelve street litter bins emptied every four weeks by the NHDC contractor Veolia; this did not include those on Parish Council land at the Springs, Cemetery and Recreation Ground that were emptied by Parish Council employees. It was noted that problems had hugely increased since the new NHDC recycling system had been introduced. It was agreed that the situation be monitored, NHDC be kept fully informed and that they commit to discuss the matter again if/when necessary. **Clerk**

48. REPORT RE PLANNING COMMITTEE

48.1 Consultations received (from NHDC as Planning Authority to Parish Council as consultee)

48.1.1 Case 13/01830/1CAC at Whitby Farm, Silver Street.

Conservation Area: Substantial demolition of barn on Plot 4 involving removal of roof and all walls except the wall to the Silver Street frontage.

It was reported that the NHDC Planning Officer had informed that this application was the result of concerns raised by both the developer and the NHDC Building Control Officer re the structural safety of the building. A site meeting had been held with the developer, the Conservation Officer, the Planning Officer and the Building Control Officer. It had been agreed that the wall fronting Silver Street could be retained but the other wall would be demolished and rebuilt using as much of the existing material as was possible. The Planning Officer had forwarded information to Dr Mervyn Miller who had previously corresponded in relation to the barn.

It was **resolved** that no objections be raised.

It was noted that no meeting of the Planning Committee would be called.

48.2 Notifications of decisions made by NHDC as Planning Authority.

48.2.1 Case Ref No: 13/01388/1HH 35 Back Street. For Ms S Hilmi.

Full Permission Householder: Single storey rear extension.

Standard Conditional Permission.

48.2.2 Case Ref No: 13/01145/1HH 6 Springhead. For Dr and Mrs Rubio.

Full Permission Householder: Single-storey rear extension and ancillary works.

Standard Conditional Permission.

48.2.3 Case Ref No: 13/01146/1LB 6 Springhead. For Dr and Mrs Rubio.

Listed Building: Single-storey rear extension. Insertion of a roof light in existing south east and north west roof slopes.

Conditional Permission.

48.2.4 Case Ref No: 12/02079/1 61 Station Road. For Zog Enterprises Ltd.

Erection of 20 dwellings consisting of 15 three bed dwellings and 5 two bed dwellings, two double garages, car parking, new access road and landscaping. New crossover and pedestrian access from Station Road. (As amended by plans received 21 November 2012)

Conditional Permission.

48.2.5 Case Ref No: 13/01016/1HH (and 13/01017/1LB) 9 John Sale Close. For Mr M Taffs.

Full Permission Householder: Single storey front conservatory.

Refused; ‘...the proposed conservatory is an ill-mannered and unwelcome addition that would appear as an incongruous and alien addition that would cause significant harm to no.9 John Sale Close, the setting of the adjacent listed barn and the character and appearance of the Ashwell Conservation Area.’

48.2.6 Case Ref No: 13/00748/1CAC and 13/00571/1 30 West End. For Mrs E Belson

Conservation Area: Demolition of existing detached bungalow and garage (as amended by plans received on 02/07/13).

Full Planning Permission: Replacement detached four bed roomed dwelling and

shed following demolition of existing bungalow and garage (as amended by plans received on 02/07/13).

Conditional Permission.

It was noted that the Parish Council had recommended refusal but the Planning Officer had been in favour. Concern was expressed that the application had not been called in by the District Councillor and thus considered by a meeting of the NHDC Planning Control Committee at which the Parish Council's view could have been put. It was proposed that a letter be sent to District Councillor Andrew Young seeking to clarify that in all such situations, where the views of the Parish Council and the Planning Officer differed, he would keep the Parish Council informed and call the application in.

It was **resolved** to accept the proposal.

Clerk

48.2.7 Case Ref No: 13/01696/1EUD Ashwell End Farm, Loves Lane. For Mr Higgins.
Certificate of Lawful Development. Existing use of 'The Bothy' as a self contained dwelling.
Status: Deposited (ie valid and registered).

48.3 Correspondence on planning matters.

48.3.1 (August Council, 38.4) Land rear of 48 Ashwell Street (Case ref.11/02386/1) Following the Parish Council's request that the development be closely monitored, the Area Planning Officer had informed that he had already undertaken one site visit and reiterated the need for the development to proceed as agreed. He had requested that the Parish Council bring any concerns to his attention.

48.3.2 (August Council, 38.3.1) Proposal by the developer of 3 new houses at 40 Kingsland Way to be called Broadchalke Copse. The Parish Council had consulted local historian David Short and subsequently proposed an alternative, 'Broadchalk', to the NHDC Street Naming Officer. The latter had responded that the developer wished to retain the Broadchalke Copse proposal; the officer also had concerns re confusion with the existing bungalow already known as 'Broadchalke'.

It was **resolved** to respond that the Parish Council wished to reiterate its objections to the Broadchalke Copse proposal; the site never had been, and would not be, a copse.

Clerk

48.3.3 Email on behalf of the developer at 40 Kingsland Way requesting the input of the Parish Council on the new street lighting unit proposed for the access/junction into the site. Cllr Mark White reported that he had investigated the proposals and would formulate a response in accordance with the Parish Council's agreed specifications. It was agreed that the matter be discussed further by the Streets & Environment Committee if required.

MNW/Clerk

48.3.4 Proposal for extension to Walkdens. Email from Origin Housing Association confirming that they had submitted a planning application to NHDC. (see also 53.5 below)

48.3.5 Concerns from two parishioners re the verges in Silver Street (see also 47.4 above). It was agreed to determine from the NHDC Building Control Officer whether the reinstatement of the verges on the north side adjacent to the Whitby Farm development was the responsibility of the developer.

Clerk

49. REPORT FROM STREETS & ENVIRONMENT COMMITTEE (Chairman Mike Berry)

(draft minutes meeting 17th July available; next meeting scheduled for Wednesday 11th September)

49.1 Back Street one-way section. Cllr Mike Berry reported parishioners' concerns of vehicles going the wrong way; this would be discussed at the next meeting.

S&E Committee

50. REPORT FROM RECREATION & FACILITIES COMMITTEE (Chairman Jane Buxton)

(draft minutes meeting Monday 2nd September available)

50.1 Parish Church Clock/update on noise complaints. (see also 45.2 above)

It was **resolved** that this item be considered at 8.30pm co-incident with the standard timed agenda item for public contributions (Parish affairs, reports from other bodies and open forum); this to ensure that all public wishing to be present and/or contribute were accommodated.

Cllr Martin Hoffman gave a brief summary of events to date. He also questioned, now that NHDC would not provide details of the complainants nor the sites investigated, and knowing that the sound levels exceeded 'permitted levels', was the Parish Council going to wait for the abatement order to be served or was that rather unnecessary. In addition he suggested that the Parish Council should confirm it would not proceed to challenge the order.

All were in agreement that some of the comments made and actions threatened, particularly those on Facebook, were totally unacceptable.

The Chairman wished it to be noted that the current position of the Parish Council was that it had resolved to take no action, ie it would not turn off any part of the clock chimes on its own volition. It was noted that this decision had been made in response to consultation from which it had been clear that the majority of parishioners had expressed a desire for no change.

It was **resolved** that Standing Orders be suspended.

It was noted that the large number of public present reflected the strength of feeling on the matter. There were members of both the 'AshwellAdvocates', in favour of silencing the quarterly chimes throughout the night, and the 'Save the Chimes' group, in favour of keeping the chimes as they are. Some members of both groups made themselves known to the meeting.

Members of the public expressed the following

- Parishioner Mr Chris Pack. A member of the 'Save the Chimes' group. Malicious comments on Facebook had been highly regrettable and, as a founder member, he had done as much as possible to stop this. He stated that 455 names had signed up to keep the chimes exactly as they are; with followers he estimated that this number could be as many as 800-900. A meeting had taken place with two of the Facebook group and two of the AshwellAdvocates to discuss their respective views.
- Former parishioner Ms Maria Brown. Another member of the Facebook group, she stated that apologies had been given and most contributors were now abiding to guidance. She was keen that any enforcement order be legally challenged and had compiled a dossier of information to support this.
- Mr Guy Reed introduced himself as a member of the AshwellAdvocates who had lived in the village for many years and had close ties with the Church. He reported that the group had recently circulated a question and answer document. They were keen to stress the need to work collectively. He stated that their intention in approaching NHDC had been to collect accurate noise data, not to initiate a Noise Abatement Notice. He appreciated that only a small proportion of the village was adversely affected but emphasized the severe impact on the lives of those who were.
- Parishioner Mr Michael Pritchard, who described himself as 'probably living the closest to the church', was of the view that one should expect noise from bells when choosing to live close to a church.
- Parishioner Mr John Robertshaw asked whether it would be possible to install baffles to deflect the noise upwards.
- Parishioner Ms Joanne Snow cited the case of her invalid mother who had found the night-time chimes to be of great comfort and a link to the world outside.
- Odsey resident Mr Jeremy Fordham noted his life-long association with the Church and Ashwell and made a plea for a settlement to be negotiated; he had no wish for upset.
- Parishioner Miss Joan Ridley reported that she lived close to the Church and in a direct line of sight with the tower. She found the chimes to be inaudible when her double-glazed windows were shut and proposed this as a solution.
- Mr Greg Tustain introduced himself as a member of the AshwellAdvocates who had lived in the village for ten years. He expressed his sadness that 'it had come to this'. He reiterated that the intention when approaching NHDC had been to obtain readings and not to initiate a legal process. Confidentiality had been requested because of past threats; this had been borne out by comments on Facebook.
- Dr Caroline Russell expressed her view that the disharmony the matter had caused was sad. Sleep disturbance was a serious health issue and if the evidence was that the chimes were too loud this should be addressed.
- Parishioner Mr Sam Wallace expressed his view that a compromise should be sought and further research should be undertaken. He advised those who had made the formal complaint to NHDC to withdraw it to facilitate a local solution.
- Parishioner Mrs Harriet Bradbury expressed her appreciation of the night-time chimes and suggested that ways of muffling to reduce the noise levels be investigated.
- Parishioner Mrs Marcia Taylor lived close to the Church and was of the view that individuals could learn to accommodate the noise if they viewed it as harmonious not disturbing. If costs would be incurred for a timer or baffling she questioned who would pay for this.
- Parishioner Mrs Gemma Allan introduced herself as a member of the AshwellAdvocates. She reported that her group had made an offer to cover any costs. Her family had moved into the village during the period when the chimes were inactive and had not been made aware that they existed.
- Parishioner Mr Martin McBeal expressed the view that the complainants had been 'heavy handed' by threatening a Noise Abatement Notice.
- Parishioner Mrs Melanie Dawson-Dew proposed that the chimes should be muffled to reduce the noise level and they could continue throughout the night.

- Parishioner Mr Richard Parry expressed concerns that complainants were being forced to withdraw and proposed compromise.

It was noted that a number of written representations had been made prior to the meeting and circulated to parish councillors.

It was noted that since the receipt of the draft Noise Abatement Notice and the Parish Council's response, a further letter had been received from NHDC (27th August 2013). This had included (i) release of full details of noise data gathered was not possible as it would potentially compromise the identity of the complainants and could amount to a breach of the Data Protection Act, (ii) a Noise Abatement Notice cannot suggest any means of how noise may be abated as this is not a matter for the issuing authority; this allows the Parish Council complete flexibility as to how it could set about the abatement of the statutory nuisance, (iii) NHDC has expressed the wish that a local settlement can be reached, (iv) NHDC will consider its enforcement position in the second week of September.

It was **resolved** that the position of the Parish Council remain that it would take no action on the grounds that this was in support of the views expressed following consultation by a majority of parishioners.

The Chairman proposed that the Parish Council should consider its actions in relation to both of the possible situations that would thus arise, ie (i) a Noise Abatement Notice was served by NHDC, or (ii) the complaints were withdrawn and a local compromise continued to be sought. He reiterated that the Parish Council had always expressed a desire to see whether the complainants' problems could be addressed on a case-by-case basis. Solutions for individual properties were likely to be different according to their location. However, without precise details of noise levels and in which houses they were taken, this was difficult. He proposed that the Parish Council immediately set up a working group to take technical and legal advice so that if a Noise Abatement Notice was served, the Parish Council would be in a better position to judge whether its content was correct or could be challenged. If the Noise Abatement Notice could not be challenged the Parish Council would have to obey it. Some offers of expert advice had already been received and others would be welcomed. The group should also look into the feasibility of abating the noise by muffling, baffling or other methods.

It was **resolved** that such a working group be set up immediately and headed by Cllr Graham Lee. **GEL**

It was **resolved** that if the complaints were withdrawn and NHDC did not issue a Noise Abatement Notice the Parish Council would immediately seek to meet with individual complainants to see if individual solutions for particular properties could be achieved; it was hoped that this would provide a fairer solution for all interested parties.

It was **resolved** that the Clerk reply to the NHDC letter with the appropriate extract from the minutes.

Clerk

51. REPORT FROM CHARACTER AREAS COMMITTEE (Chairman Martin Hoffman)

(draft minutes meeting 23rd May available)

51.1 The Springs. Cllr Martin Hoffman reported his sadness re vandalism to a young tree. He also reported that information, including photographs, re dogs not on leads was being passed to the NHDC Enforcement Officer and the police. A visit by a pest control company to assess the rat situation was scheduled. **Clerk**

52. REPORT FROM FINANCE COMMITTEE

(draft minutes meeting 29th April available; next meeting scheduled for Monday 21st October)

52.1 Proposal for approval of September Accounts and Bills for Payment. It was noted that a request for payment of the sum outstanding had been sent to the Football Club. It was noted that the recent bye-election had cost just under two thousand pounds; a view was expressed that this was 'the price of democracy'.

It was **resolved** that these be approved and paid.

Clerk

53. REPORTS FROM WORKING GROUPS

53.1 Neighbourhood Plan Group. Group leader Cllr Daniel Mathews reported that seven volunteers were to attend the first meeting scheduled for next week.

53.2 Website Group. Group leader Cllr Daniel Mathews reported on a meeting the previous evening; full notes would follow. Parishioner Christine Schwick was thanked for her input. Two further meetings had been scheduled. Some 60% of the content had now been transferred from the old site. Parish councillors would shortly be requested to update their profiles. The Yearbook Group would be requested to seek approval from all contributors for all the content to go onto the website. (see also 54.4 below)

53.3 Yearbook Group. Next meeting scheduled for Tuesday 8th October.

Chairman's Signature.....	Date.....
------------------------------	-----------

53.4 Speed Watch Group. Group leader Cllr Martin Hoffman reiterated his frustration with the new restrictions following the appointment of the Police Commissioner; monitoring was continuing despite these. He reported an email from an offender (not an Ashwell resident) who had been logged exceeding the speed limit and who had subsequently received a police warning. The individual had admitted guilt but also commented on parking problems particularly in the High Street. He had alleged that he had brought this to the attention of the Parish Council in the past but had received no response. Cllr Hoffman disputed that this was the case.

53.5 Community Housing Group. Group leader Cllr Jane Buxton noted progress with the proposed extension to Walkdens (see 48.3.4 above). She voiced the concerns of many residents that priority would not be given to local people and that this should be adequately ensured in the allocation criteria. It was noted that priority for Ashwellians and those with close Ashwell connections was the Parish Council's policy which was reiterated whenever necessary.

53.6 Aircraft Noise Group. It was noted that a meeting was scheduled and a report would be made to the October Council meeting.

54. PARISH AFFAIRS, REPORTS FROM OTHER BODIES AND OPEN FORUM

It was **resolved** that Standing Orders be suspended for this item.

54.1 New seat. Cllr Bridget Macey reported progress on the new seat for Station Road close to Sunnymead Orchard. Donations towards the cost had been received; it was agreed that any shortfall be covered by the allocated category for street furniture in the Streets & Environment budget.

54.2 Police matters. Cllr Bridget Macey reported on the presentation to retiring local officer PC Marina at the Ashwell Show. She thanked the Show committee for their help in organising this especially John Connolly. Cllr Peter Long thanked Cllr Macey for her input. Cllr Macey reported that the new ward officer PC Nic Musto would introduce himself at the next Neighbourhood Watch meeting (19th September in the Parish Room).

54.3 Museum. Cllr Martin Hoffman reported that a meeting of the trustees was scheduled.

54.4 Photo competition. Cllr Daniel Mathews reported that the website competition had already had six entries; more were welcomed (see also 53.2 above).

54.5 Fracking. Cllr Daniel Mathews reported that Ashwell had been identified as a possible exploration site for mineral extraction in the 1960's and questioned whether this should be investigated in the light of recent developments. It was agreed that he should investigate and report back. **DMM**

54.6 Post Office. Parishioner Maureen Willatts asked whether there had been any further developments following the threat that Ashwell Post Office could be closed. The Chairman reported that parish councillors also had on-going concerns. It was agreed to request an update. **Clerk**

54.7 Ashwell Show. Cllr Peter Long wished to put on record another successful event despite a car park still flooded the day before. It was agreed that a letter of congratulation and thanks be sent. **Clerk**

54.8 Bus service 90/91(202). Parishioner Joan Ridley voiced her concerns at the new timetable to come into effect from 16th September; she agreed to forward details. It was noted that bus services were to be included in the Neighbourhood Plan; this could give the village an opportunity to have greater control. (see also 47.3 above)

54.9 Street lights. Parishioner David Short expressed his concern at the lack of information for parishioners re the part-night lighting recently implemented by HCC. Cllr Mark White agreed to supply details and reported that the matter had been raised at several meetings with County Councillor Tony Hunter and his Highways Officer. **MNW**

Meeting closed at 9.40 pm

Appendix 1 – General material received

Items forwarded by email

- 1.** North Herts District Council weekly 'Members Information'
- 2.** HAPTC Briefings and Bulletins.
- 3.** *Rural News* from PC Nic Musto.
