

Ashwell Cemetery

The Cemetery is in Station Road next to Ashwell Garage and opposite the main vehicular entrance to the Recreation Ground (SG7 5JG).

The Right of Burial is limited to parishioners and those having a close association with the village. Please see the scale of charges below and confirm with the Parish Council's office.

Plots are provided for both full burials and the interment of ashes. These can be reserved in advance by application to the Parish Council -see contact details above. There is no Garden of Remembrance in which ashes may be spread.

Funeral Directors are responsible for arranging the digging of graves and for ensuring that the guidelines of the ICCM Code for Safe Working Practices in Cemeteries are adhered to. All memorials must conform to and be installed according to NAMM guidelines.

The Parish Clerk has the right to decide where a particular burial shall take place except where a specific plot has previously been reserved.

Maintenance of the Cemetery is the responsibility of the Parish Council but families are responsible for looking after their individual graves.

Wreaths or cut flowers may be laid direct on a grave, but the Parish Council may remove them when they become withered. Vases and other containers can cause problems with mowing and other maintenance, so please respect the rules that the Parish Council has made to ease these problems.
