Dear Nicky,

I hope you have had a pleasant Christmas and New Year. I've put an outline brief and costing below. If this is of interest, I'm in Ashwell next Tuesday and could meet you to discuss. The clipped domes are quite expensive, and it could be that we put some simpler yew plants in that your gardeners could clip to shape over time. If after meeting this all looks ok then I can confirm the costs and give a formal estimate. I hope for now this is enough information.

To remove the four box plants and adjacent group of shrubs, grub out the roots as best as possible without damaging the gravestones. £875.00 + vat
To supply four clipped dome yew plants approx. 900mm diameter at £375.00 each = £1500.00
Supply of one tonne of topsoil for topdressing and grass seed for making good the areas. £120.00
Labour to plant Taxus domes, make good the areas and sow the grass seed. £620.00 Ongoing maintenance and watering is the responsibility of the client.

Total cost £3115.00 vat @ 20%

Regards,
