Site Address: Ashwell Springs, Ashwell Parish Council

T1 - Plum Tree Fell to ground level due to one dead stem. Wood chips to be sprayed adjacent, spread evenly and neatly, and wood to be stacked into eco piles. £600.00

///disarmed.deck.them

T5 - Common Ash Fell to ground level due to significant deadwood and Ash dieback. £1,800.00
Because of the tree's location, we will need to remove part of the fence for access and reinstall it once the work is complete. This will require us to cut and repair. We will chip back into the overgrowth area of nettles and brambles behind the fence and stack wood in eco piles. Stump to be left standing at the break into 2 stems, circa 4 metres.

///tango.predict.playing

T19 - Common Ash Pollarding due to missing bark at the base and possible bacterial infection. £1,800.00
Due to the tree's location, we will need to stack in eco piles adjacent to the tree. We will cut a space in the area to do so and leave it neat. Also, due to the location and the condition, we will also need the assistance of a 26-metre spider MEWP to safely access the tree.
